Date of birth	Email adress

I hereby apply for the provision of a chip card for the use of the Deutschland-Semesterticket in the summer semester 2025, as do not own a smartphone and therefore can't use the digital ticket.

I am aware that in the event of a subsequent exemption from the obligation to pay the semester ticket fee in accordance with §2 of the semester ticket statutes, an exemption can only be enforced after the chip card has been physically presented to the semester ticket office. I am also aware that there is no choice between the issuing media (cell phone ticket and chip card) and that my application will block the possibility of using the cell phone ticket for the semester of application.

I agree that this data will be communicated to the S-Bahn for the creation of the chip cards and processed there.
